THE ARTS CLUB OF Washington is currently showing work by Italian brothers, painter **Lucio Zucchi** and photographer **Dario Zucchi**, under the headline **Artconfusion**. On Friday evening, September 10, 2010 the opening was held at the elegant club's historic mansion, located at 2017 Eye Street, N.W. in downtown Washington, D.C.

THE BROTHERS Zucchi have created delightful images that reside at the intersection of life and art. Their work is characterized by surprising juxtapositions that enchant and instruct.
